Technology & Medicine

7TH ASIAN CONFERENCE ON **SCIENCE, TECHNOLOGY & MEDICINE**

15-16 August, 2026 | Khalidia Palace Hotel, Dubai, UAE

**JOIN us and make your
research idea count at this
global academic event**

The ACSTM – A Flagship Event of the ACSE

The Asian Conference on Science, Technology & Medicine (ACSTM) is an acclaimed global forum that encourages the communication of innovative research, development, and advances in the realm of Science, Technology, and Medicine. It offers a prestigious platform to both early-career and established professionals in the field to exchange stimulating ideas, update their knowledge, fortify collaboration, and form new connections across disciplines. Participating in ACSTM-2026 is sure to be a rewarding experience.

Attending the ACSTM 2026 promises to be an incredibly rewarding experience.

The event takes place every year and is hosted by a local member of the ACSE

The ACSTM is an initiative of the Asian Council of Science Editors aimed at supporting the organization's purpose statement, which involves fostering communication, collaboration, and innovation across various disciplines. This is achieved through the organization of seminars, training workshops, webinars, short courses, and conferences.

Top three factors which prompt participants to attend:

- ✓ **Networking and developing new partnerships**
- ✓ **Listening to renowned international experts**
- ✓ **Learning and sharing best practices**

Benefits to attend the conference

 **Go viral:** the event's popularity and growing attendance mainly results from word-of-mouth and recommendations of the international scientific community

 **Endorse** other organizations or prominent individuals, involving them in your activities or supporting their attendance and work

 **Raise** your corporate profile with top senior executives

 **Reach out** to a broad audience: engage with experts on key issues in your area of expertise

 **Lead:** use the ACSTM as a highly visible platform to showcase your leadership and pioneering initiatives

 **Connect** with the thought leaders and gain insight into future trends
